

to do here, is to bring about the opportunity for the City of Omaha to make that payment to those who are surviving. In many cases it's rather small but it is meaningful to those individuals. These people, I'm sure, have contacted you about this and I feel this is the only way that this can be accomplished. The case has been before the court. The court had declared the City of Omaha, because of their home rule charter etc., is not affected. The only way we can do it is by this type of procedure. As far as I know it affects only the City of Omaha and since we were so willing to so generously give to the city a half cent sales tax, I believe that they can afford a very small amount of money which really was vested by the employee in the first place. I ask for the approval of this body to advance E & R, 739 to E & R Initial and to expedite it. Thank you.

PRESIDENT: That's a motion to amend the Speaker's order?

SENATOR MARSH: Yes, sir. I have talked to a number of you. Mr. President, am I.....?

PRESIDENT: Yes.

SENATOR MARSH: Thank you, Mr. President, I have talked with several of you. 860 and 859 both have to do with the State Treasurer's office in unclaimed property. This is a mechanism for money making for the State of Nebraska. 831 has to do with noise control. There has been a change in federal legislation and the trucking industry has requested this legislation. All three had no opponents. All three were voted out of committee. I urge your change in the Speaker's order on these non-controversial issues. Thank you.

PRESIDENT: Senator Maresh.

SENATOR MARESH: Mr. President, I would like to amend that motion to include a bill that I have that was on consent file. It's a constitutional amendment....

PRESIDENT: Senator Marsh, Senator Maresh has the floor.
